

Community Foundation of Covasna draws attention of local business leaders to the tax law of 571/2003 and 32/1994 referring to sponsorships, which allows sponsoring NGOs and local schools in Covasna county.

The sponsorship between the foundation and companies is based on contract. We observed that a lot of companies don't know about this opportunity, which leads to "lost amounts of money" on the community level. Community Foundation of Covasna offers advice on law enforcement, address: Bisericii Street, no. 1A.
